The Board: The Football Square board has a total of 100 squares. Numbers 0-9 will be drawn randomly for the left side of the board (Visitor team), then the top of the board (Home team) before the start of the game listed below. At the END of each quarter, the last digit of each team's score dictates the number selection from the board (ex. 17 cowboys to 3 giants, would be a 7 and a 3). Wherever the two numbers line up and meet on the board decides the winner of that quarter and will be awarded one of the free plays above.

Qualifying Hands:

Video Poker - Patron must hit a natural 4 of a kind or higher on video poker with max coin in or \$50 win or better. If qualifier is dealt on Multi-hand poker, it will be considered as one qualifier only.

Qualifying Dates: Game noted next to dates will be the square the game will be active for.
